EDUCATIONS

Mataram University   *Mataram, West Nusa Tenggara,*
                                                                        Indonesia
BACHELOR IN ENGINEERING INFORMATICS   *Aug 2014 – Feb 2022*

Glints X Binar
BACKEND DEVELOPER   *Aug 2021 – Dec 2021*

Oracle Academy
DESIGN AND PROGGRAMING DATABASE WITH SQL   *Aug 2021 – Sep 2021*

WORK EXPERIENCES

PT. Ethis Fintech Indonesia   *West Jakarta*
BACKEND DEVELOPER   *Aug 2022 – Present*
- Responsible for designing and testing APIs using a range of technologies including TypeScript, MySql, NestJs, TypeOrm, Laravel, and Eloquent. Additionally, I am proficient in manually building and deploying these APIs to Alibaba server.
- To ensure smooth coordination with the front-end division, I work closely with them to determine the API response required. In the event of any bugs or errors, I efficiently troubleshoot and fix them to ensure optimal performance.

Adala.id   *South Tangerang, Banten*
BACKEND DEVELOPER   *Jan 2022 – Aug 2022*
- Responsible for creating, testing APIs using typeScript, MySql, NestJs for adawms.com
- Do manual build to AWS server
- Coordinate with the front-end division to determine the resulting API response

Save The Children   *Mataram, West Nusa Tenggara*
ASSISTANT CONSULTANT / PROJECT HELPER   *Aug 2021 – Sep 2021*
- Create a questionnaire in kobotoolbox
- Monitor the data that goes to the kobotoolbox server
- Processing incoming data to the server becomes simpler

PT. Air Minum Giri Menang (Perseroda)   *Mataram, West Nusa Tenggara*
IT SUPPORT INTERNSHIP   *Sep 2018 – Oct 2018*
- Building an information system "Perjalanan Dinas" using the Laravel framework and mySql

SKILLS

Programming Languages: TypeScript, Javascript, PHP, HTML, CSS
Framework and Library: Nestjs, Expressjs, Bootstrap, Laravel
Databases: MySQL, PostgreSQL, MongoDB, Oracle Apex
Others: Git, Jira, Scrum, GraphQL Server, Postman, JWT

PROJECTS

Belajar Ngaji   *HTML, CSS, Javascript, JQuery, API*
                                                             Quran, Adobe After Effect
SIMPLE WEBSITE FOR LEARN BASIC OF QURAN   *https://belajar-ngaji.awahids.my.id/*

Arafah Group   *Nextjs, CSS, Javascript, HTML,*
                                                             Vercel, idcloudhost
A WEBSITE FOR A DRIVING COURSE SERVICE LOCATED IN BANDUNG AND SURROUNDING AREAS.   *https://arafah-group.com*

HobbyTalk

ExpressJS, MongoDB, Heroku, Postman, Cloudinary, NodeMailer, JWT, OAuth, Git

HOBBYTALKS IS AN ONLINE PLATFORM THAT CONNECTS MANY HOBBYISTS WHO WANT TO SHARE THEIR EXPERIENCES AND STORIES ABOUT THEIR HOBBY

http://hobbytalks.herokuapp.com/

Milan TV

ExpressJS, PostGreSQL, Heroku, Postman, Git, Cloudinary

MILAN TV IS AN ONLINE PLATFORM FOR REVIEW OR GIVING RATINGS MOVIES
